O₂ Glow Facial

Lauren's favorite! Intraceuticals Oxygen infusion paired with a light customized peel and dermaplaning in addition to massage, steam, and cryotherapy balls. This facial provides the ultimate hydrated glow with instant gratification and ongoing skin benefits for days following.

75 min | \$240

Reflexology Facial

Completely focused on relaxation—this facial incorporates the reflexology pressure points, as well as the gua sha technique for promoting lymphatic drainage, reducing puffiness while stimulating blood circulation; in addition, to a manual upper body massage combined with hot towels and steam to relax and unwind. Enjoy your 'you time'.

60 min | \$135

Mini Reflexology Facial

A short and sweet version of the Reflexology Facial—incorporating the reflexology pressure points, as well as the gua sha technique for promoting lymphatic drainage, reducing puffiness while stimulating blood circulation; in addition, to a manual upper body massage combined with hot towels and steam.

30 min | \$80

Bye Bye Pores Facial

Utilizing serum infusion and oxygen technology, this facial also includes a light peel to deeply cleanse and extract the impurities from your skin. The gua sha technique is used to help clean the skin from within.
